MEMORANDUM FOR: Associate Deputy to the DCI for the  
Intelligence Community

SUBJECT : Letter of Instruction

1. Attached is a proposed LOI from the DCI to me. Please note that I am suggesting a change in the committee's name. "Astronautics" has been overdone. The committee actually deals with intelligence on missiles and space vehicles -- therefore the name change.

2. I am prepared to discuss the draft LOI with you or the DCI at any time.
